**Where Teachers Love Teaching and Children Love Learning Since 1976**

An educational summer program featuring weekly theme-based units filled with lots of arts and crafts your child is sure to like.

**June 3-7 Fun With Books:** There's no better way to start the summer than by reading from a collection of much-loved children's books. Your child will delight at having story time, singing songs and creating crafts related to the theme of the books introduced. Your child is also welcome to come any day with a favorite book to share.

**June 10-14 Outer Space Blast:** Let's blast off into a galaxy of creativity with some fun space activities that will make your child smile. We will learn about the planets, sing songs and engage in fun experiments. This week promises to be stellar!

**June 17-21 Around the World:** Grab your passport, adventure awaits you as you explore the world. Your child will learn about different countries each day as we experience fun games and crafts from different cultures of the world.

**June 24-28 Water Week:** Come dressed each day in your bathing suit for a week filled with old-fashioned water fun. Students should be sent to camp in their bathing suit with sunscreen applied prior to arriving at camp. Please send water shoes, a towel and a change of clothes daily

**July 8-12 Art Adventure:** Children love art! This week will offer hands-on art projects that primary students can do and enjoy.

**July 15-19 Gardening:** Children will explore the beauty of nature while getting their hands dirty planting!

**July 22-26 Dinosaurs:** Do you have a budding paleontologist? This week we will learn about different types of dinosaurs. We will enjoy dinosaur crafts, search for dinosaur eggs and finish the week with a dinosaur fossil hunt.
